DESKTOP AND RACKMOUNT STORAGE FEATURING SCSI & FIBRE CHANNEL

Rorke Data Desktop RDD™ Series Rorke Data Rackmount AVR™ Series

Rorke Data's desktop and rackmount storage systems are built to order and shipped worldwide. The RDD & AVR series enables our resellers to custom configure the widest range of storage devices, backplane IO configurations, and interface options in order to meet constantly changing customer storage needs.

Resellers can configure desktop or rackmount solutions that integrate either fibre channel or Ultra SCSI disc storage, with a variety of disk or tape-based SCSI back-up devices.

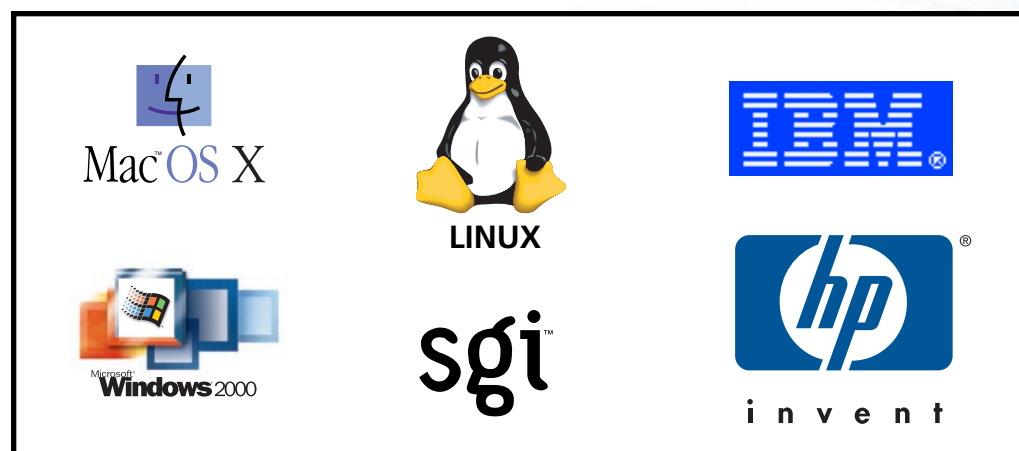

Digital Audio Project Studio Management

- With a 200M cable distance, Fibre Channel storage eliminates all unwanted noise issues when the storage is 2 rooms away!!
- Sound Studios & Post Facilities with Fibre Channel infrastructure can efficiently manage suite time and usage, plug n'play anywhere

Uncompressed Video & Effects

- With Simple Striping software, RDD & AVR became low-cost, high speed, scalable disk arrays from DV to HD
- Your "Demo Disk": 2Gb fibre drives are so fast they are the perfect portable demo media

Now featuring fibre channel storage for desktop or rack!

RDD Series Desktop Peripherals

Now with Fibre Channel and/or Ultra SCSI in the same enclosure!

Rack N' Roll

AVR Series *Featuring* Custom Rack Mount Enclosures

RDD1000
Single half-height device
Metal desktop enclosure
(1) 3.5" device or
(1) HH 5.25" device
Power supply & fan
ID selector & 1 SCSI I/O
Black or Beige
H2.7" x W9.7" x D10"
Now Supports Fibre Channel

RDD2000
Single/dual device(s)
Metal desktop enclosure
(2) 3.5" devices or
(2) 5.25" HH devices or
(1) 5.25" FH device
Power supply & fan
ID selector & 2 SCSI I/O
Black or Beige
H7.3" x W7.5" x D12.0"
Now Supports Fibre Channel

AVR 35 – 2 Bay Rack
Black, all metal construction
(1) or (2) 3.5" or 5.25" HH devices
60W AC power supply & fan
4 SCSI I/O, ID selectors & split-bus option
2 2Gb FC IO Available
Dimensions: 2RU x 14"D x 19"W
Now Supports Fibre Channel

AVR 05 – 4 Bay Rack
Black, all metal construction
(1) to (4) 3.5" or 5.25" HH devices or
(1) or (2) 5.25" FH devices
300W AC power supply & fan
4 SCSI I/O, ID selectors & split-bus option
2 2Gb FC IO Available
Dimensions: 3RU x 17"D x 19"W
Now Supports Fibre Channel

Options include:
Ultra SCSI and Fibre Channel
Split bus configurations for multiple workstations and disk arrays
Fixed or removable drives
Field upgrades, enhanced warranties and, worldwide technical support

REMOVABLE HARD DRIVE OPTIONS
Capacity 18GB to 73GB/drive
Spindle speed 7,200, 10,000 & 15,000 rpm
Drives/enclosure 1 to 8 removable drives
Interface Ultra SCSI or 2Gb FC

RORKE DATA'S CUSTOM DESKTOP & RACKMOUNT ENCLOSURES ARE DESIGNED TO INTEGRATE THE WIDEST RANGE OF HARD DISK AND REMOVABLE MEDIA PRODUCTS, INCLUDING TAPE, DVD, CD-R, & OPTICAL DISK
